CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for 75 cents cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

THE COLLECTION OF ROBERT HEWITT, Esqr.

It gives me much pleasure to present in the collection of the late Robert Hewitt, Esqr., of Ardsley-On-The Hudson, New York, the best assortment of American Political Medals and Tokens which has been offered in years. The collection of Washington medals, tokens, and coins is noteworthy as being possibly the largest ever offered. This section alone includes several hundred varieties, with nearly a hundred pieces in silver alone, many of them very rare. It includes a Washington Season Medal and an exceedingly rare Indian Peace Medal, issued in St. Louis in 1843, the latter not mentioned by Baker in his work on the Medals of Washington, and not offered for many years. Besides the remarkable offering in Medals and Tokens, there is a splendid collection of United States Cents, with many uncirculated specimens, and some very choice silver from the dollar to the smallest denomination. The Hewitt collection is remarkable in point of preservation. Most of the pieces have been in safe deposit vault for over a quarter of a century, while many were actually in Mr. Hewitt's possession for over half a century. These facts indicate that Mr. Hewitt was one of the most prominent and earliest collectors in the United States. Formerly he was very active in the American Numismatic Society, and held some of its most important offices. As early as 1860 he was active in the organization of the various societies. In 1866 he delivered an address before the American Numismatic Society on "Coins and Coin Collecting." This address was published in the American Journal of Numismatics, which had started publication that year. At the time of his death in October last, Mr. Hewitt was the second oldest member of the American Numismatic Society, Mr. Parrish being the oldest living member. It will be long years before such a collection as this shall be offered, and collectors should take advantage of the present opportunity to add choice and rare pieces to their cabinets.
